MEMORIAM

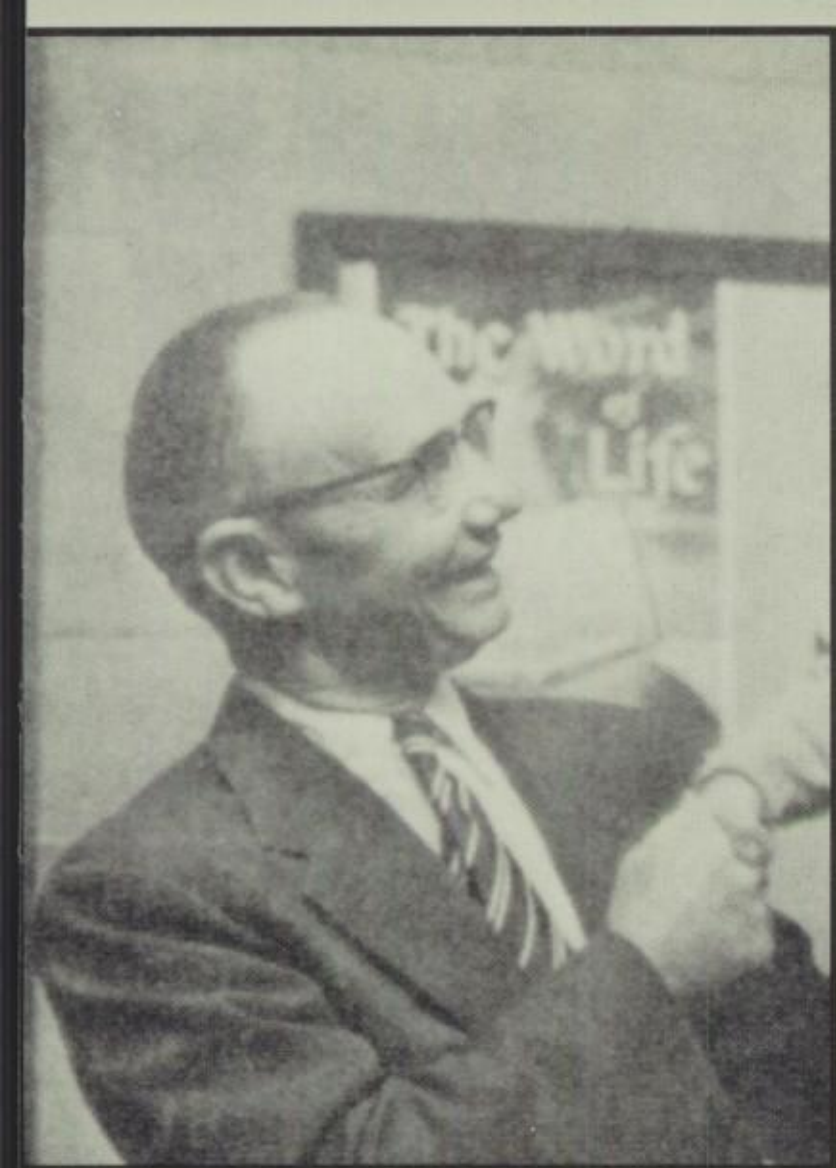

ROBERT W. BUGG

1898 - 1985

**65 Years of Service
to St. Christopher's
1920 - 1985**

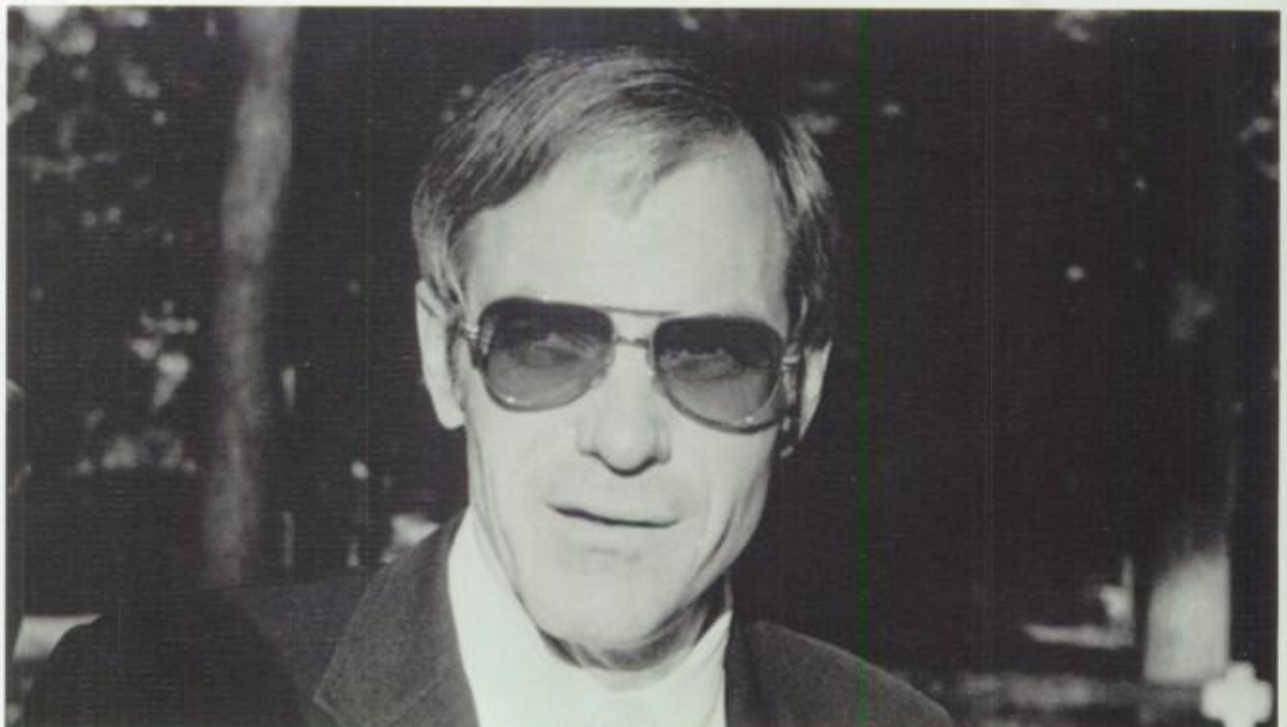

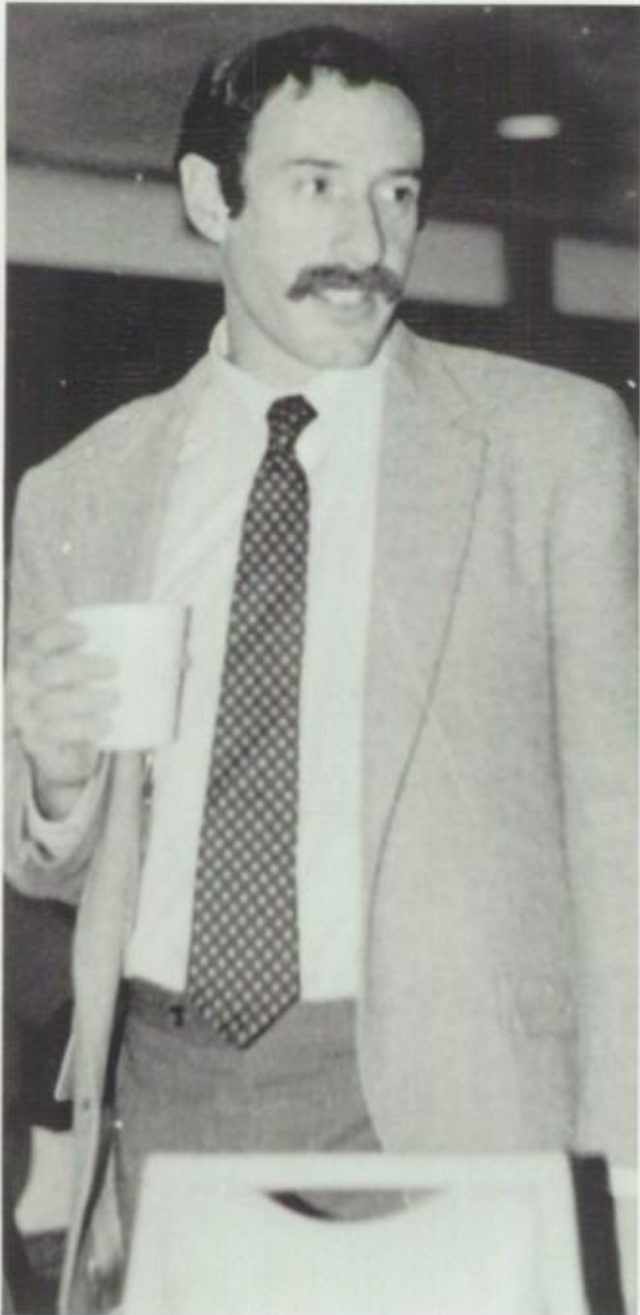

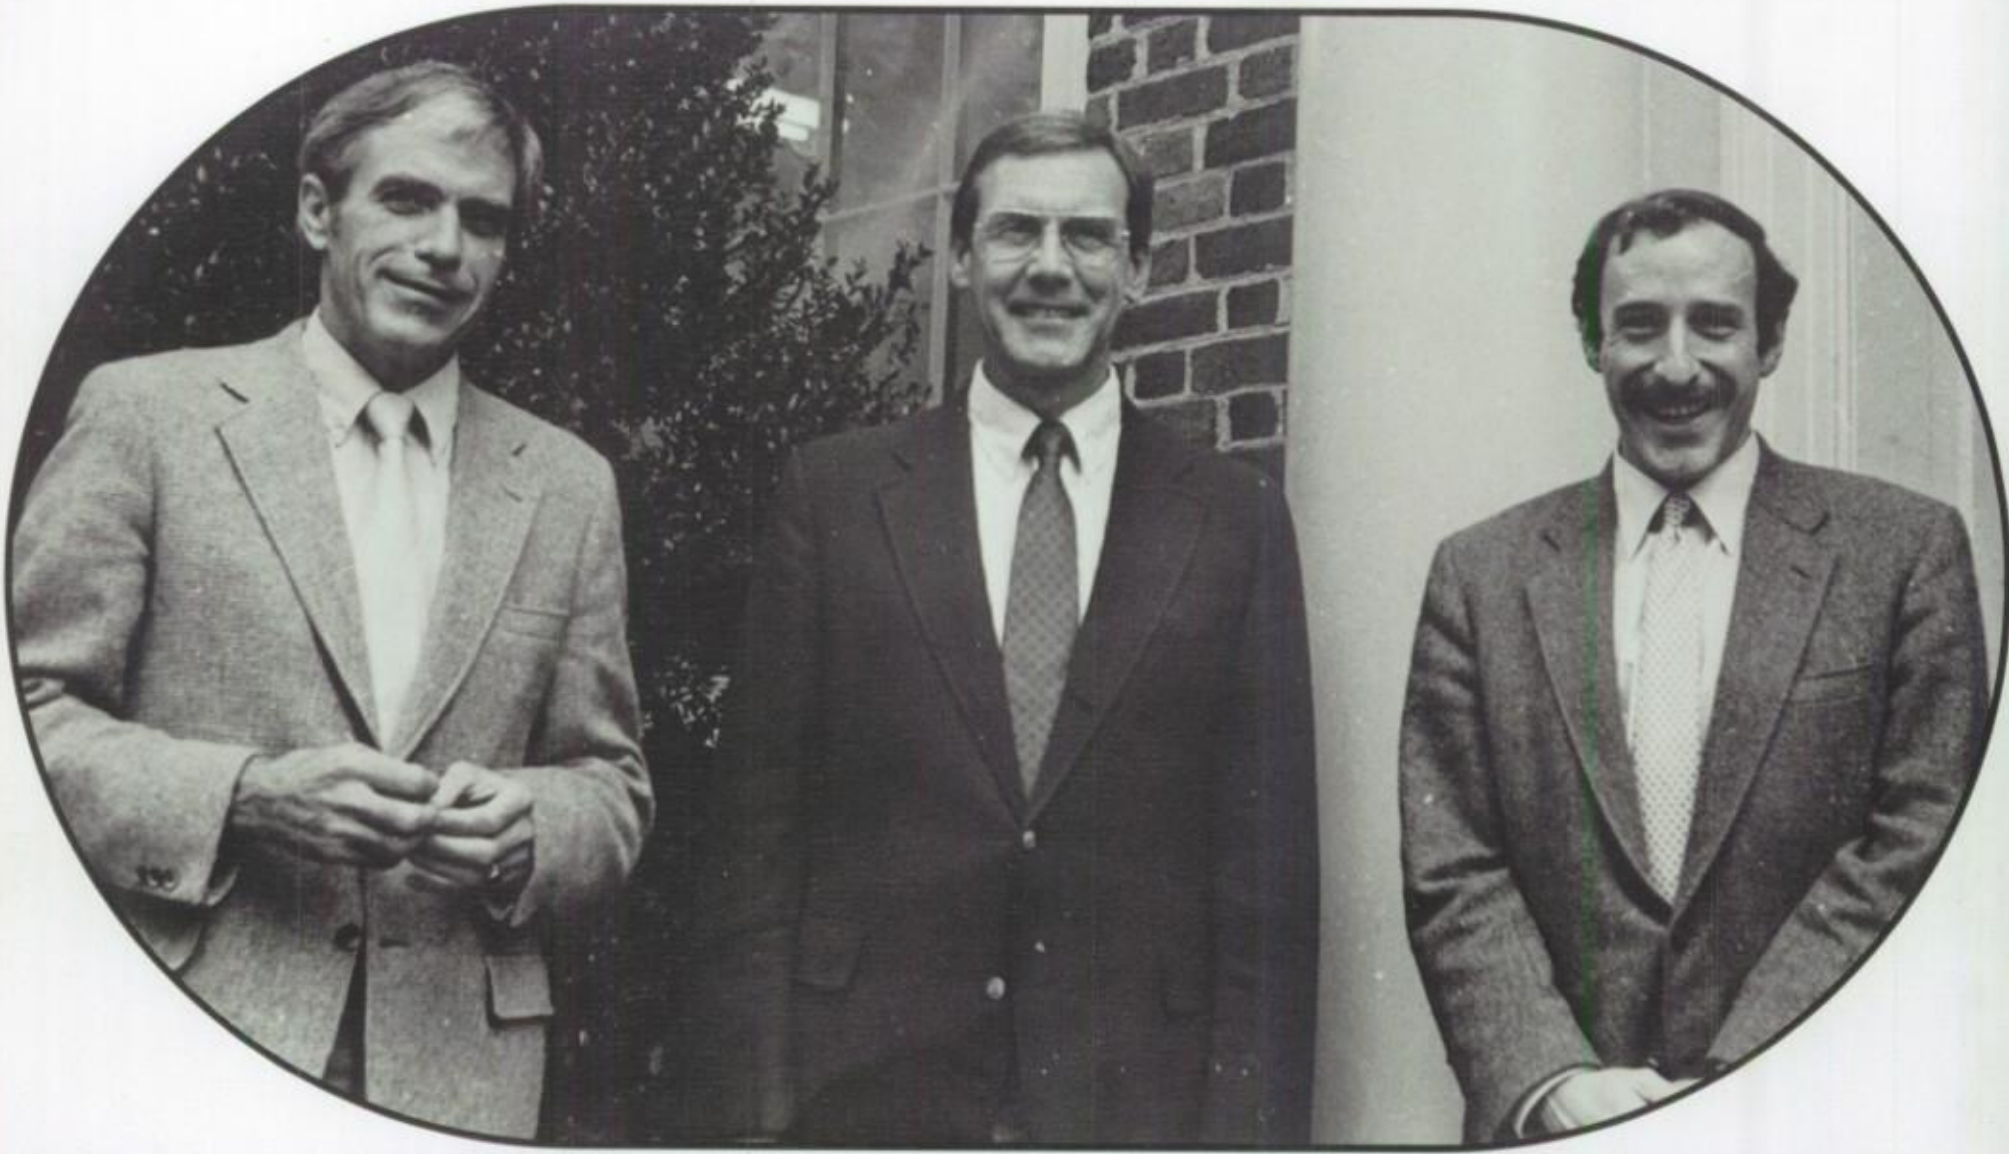

Dr. Robert W. Bugg served St. Christopher's as a teacher, coach, administrator, and Headmaster for 44 years, and he remained an active and helpful friend for another 21 years - a total of 65 years of loving and faithful service. As a teacher and a colleague, he won the respect and friendship of his peers on the faculty. Dr. Bugg also left his mark on each and every student. His most important gift to the students through the years though, was his personal example. Boys followed his commands to "get in there and dig" at their assignments because they saw his own attention to detail. He was a man whose deep religious convictions influenced many students and during the years that he was with St. Christopher's, he was greatly admired for his honesty and his willingness to help his fellow man.

Letter from the Editors

Maybe it's the year 2006 and you just pulled this *Raps and Taps* off the shelf. You crack open the book and remember for the first time in twenty years some old girlfriend or a touchdown pass you caught or a line in a play that brought the house down. You chuckle a bit or get a little nervous. You might give that girl a call or tell the kids of the old football days or recite a few lines of Tennessee Williams to the wife in the kitchen. We hope this year's *Raps and Taps* has offered a piece of everything that is St. Christopher's.

If the mind is turning but you can't quite recall anything that happened in the 1985-1986 school year, let us take a moment to recount some of the special events. You might remember a "stolen" football game in Orange County or an undefeated Bulldog basketball team. Mr. Koenig announced his retirement as head coach of Varsity basketball after twenty years at the position. You might remember the excellent monthly literary readings in celebration of St. Christopher's 75th year in existence. In the fall, the Great James River Flood threatened to shut down school. In the winter, Ampersand offered a night of student-directed one act plays. Furthermore, St. Christopher's and the country mourned the death of the seven Challenger astronauts. All along, the Saints displayed that same spirit and togetherness that led to a tie in the rain against a much-favored football team from Nanesmond-Suffolk and two underdog victories for VLax over the Cougars.

We could not have documented this year without the help of a great deal of people. We thank our parents for not asking too many questions when we walked in at 6:45 in the morning. We thank Ned, Jim, Robin and others who kept us entertained and well-fed, but still knew when it was time to get out of our way. Special thanks go to Peter and Chris who printed pictures until they ran out of paper at 5:00 A.M. Mr. Perry was instrumental in getting us off our butts on the first deadline and keeping us in line all the way through. Without Ted's patience and determination with the computer, this book would not exist. And, of course, there is Mr. Bolling who inspired us in the beginning, let us do it our way in the middle and told us in the end it would be worth it — and it was.

Leadership

It's not always being the biggest.
It's always striving to be the best.

It's never being comfortable with
the status quo. It's seeking new
challenges.

It's setting a standard of performance
that inspires associates and challenges
competitors.

Being a leader is a lot tougher than
being a follower.
